

Jill Kotvis For Our City's Future

For 22 years, Jill Kotvis has called Dallas home. She's built her business here and she's become a part of the community. Jill is dedicated to making Dallas the very best place to live. She's championed protecting our green open spaces, fostered the arts and cultural resources and is a leader in the business community.

Jill is dedicated to preserving our neighborhoods and keeping them safe for years to come.

Preventing Crime

“As I've been knocking on doors and talking with people in our neighborhoods, I've heard a lot about rising crime. Property crimes are especially troubling and that's why I will fight for expanded community policing. We need more police in our neighborhoods who work with residents to keep crime out of the community.”

Preserving Our Neighborhoods and Our Lake

“Our neighborhoods are what make this area so special. We need to preserve the historic character and the community feel that make northeast Dallas so special.”

Protecting the Lake

“White Rock Lake Park is our area's greatest asset. We need to protect the shore from overdevelopment so that everyone can enjoy the park's natural beauty. And we need to make a commitment to ensure that the lake's waters are clean.”
