

I am appalled and dismayed that the election has taken this turn. As a parent and as an individual that has experienced the same trials in life I am doubly grieved by the opposition's disingenuous characterizations of your history.

Your qualifications are exemplary and I will continue to support your run for council.

To aid in your run I have decided to send an additional \$ 750.00 donation to your campaign to help spread the word about your commitment to being the finest council women in Dallas' history.

Let me know how I might also be of assistance in your run.

---

Congrats and you are doing a great job!

I am appalled at the low-road mudslinging that the Kadane campaign has resorted to.

I think the general voting public will view this as a deplorable tactic and ultimately your campaign will benefit by sticking to issues that matter.

Best of luck Jill!!

I'm sorry you have to endure this nasty junk. Hang in there--you're going to win.

---

Thanks for the update. Just to let you know that (we) are now together on our Candidate and there is a Kotvis sign in the neighborhood.

I cannot stand dirty politics. I hope you continue to focus on the issues.

---

Whatever it is worth please feel free to add both my name and my wife's name to your website endorsement list and I will be sending another campaign donation very soon.

I believe your passion & energy, intelligence, ability to think outside the box, open-mindedness, thoroughness, concern, desire to make things better, willingness to "get your hands dirty" (I heard you accompanied a couple of our VIP'ers on a neighborhood patrol), and attention to the details of the issues facing our city set you beyond your opponents in this race and have earned our respect and our vote.

---

I'm sick about the nonsense from the Kadane campaign ... tell Jill to hang tough ... I'll be sporting my t-shirt and stickers again this weekend...

---

Jill, put me down as one of the H&L (Hughes & Luce) partners who endorses you. I have retired from H&L as of 12/31/06 but I was certainly a partner when you left the firm. Keep fighting. I have always admired your mettle.

---

Please continue to run your race and WIN that District 9 City Council seat. You must be the frontrunner up there, since they're coming after you so hard.

You definitely have my support and I know that people in D-9 are among my 2000 readers each week.

Keep fighting!

---

Jill, don't give an inch. You have them worried.

---

I am sickened and angry about all the smear tactics against Jill - this would in no way EVER change my level of support for her. But it does make me realize I need to be even more aggressive in spreading the word. I did get the friends for Jill email asking to forward it along - it is an excellent vehicle. If I can get this list, I will commit to personally visiting the homes to take a copy of Jill's campaign material as well as a copy of the email letter and try to garner/confirm support.

---

I've been watching the race, don't let Jill give in. We support her.

---

Just a quick note to tell you I am thinking about you as you deal with all the crap that has been thrown at you lately. It makes you realize why more good people don't run for political office.....Hang in there and good luck.

All the best

---

Jill, you've got Kadane on the run or he wouldn't be going negative. Although I don't know him, I agree with Scott on everything he said. People see through this junk. Stay the course!

---

I am so sorry for what you have had to go through over the past couple of weeks.

Just to let you know, even though I am not supposed to do this, I stepped off of the podium at rehearsal last night, told them I was not speaking as the Artistic Director of the [ ], but as a private citizen. I told them to get out and support a season subscriber, donor, supporter of the [ ] - Jill Kotvis - for City Council!!!

All my best as you head for victory!!!

Jill,  
I'm sorry that you have to endure this nasty junk. Hang in there—you're going to win.

We are on your side.

Great response on your part! Stay on the high road! You go girl! I wrote a letter to the White Rocker giving my opinion of negative campaigning. I hope they print it!

P.S. I could use a few more signs on my porch.

---

It was a pleasure meeting you yesterday afternoon. Best wishes on your city council race and your practice.

---

You go girl! Tell those two little boys to go put on some long pants. "Let him who is without sin cast the first stone." "Quit trying to take the splinter out of your eye 'til they get the 2x4 out of their own eye." You've got 'em worried. Get 'em

---

It is really unfortunate that this, rather than an honest debate and discussion on the issues, is getting attention. As we discussed and as you state in your email, voters are so fatigued by the negativity of politics, be it national, state or local, that I doubt that this will be a net negative for you. It certainly won't affect how I vote.

Thanks again for calling. I enjoyed talking to you.

Good luck!

---

I am proud to know you. Best of luck!!

---

I am still with you! How much can an individual contribute?

---

We are on your side.

---

I am so sorry you have had to deal with such "dirty tricks"! Keep up the good work and know that your friends are behind you.
